

LR Parks & Recreation Parks Commission Meeting Report
Parks & Recreation Safety
Presented by Courtney Perry - Safety and Training Coordinator

July 10, 2024

Parks System Safety

- Running total of all safety hazards discovered as a result both scheduled, periodic and/or ad-hoc safety inspections since January of 2017 has generated to date **971** total hazards: Currently **829/85%** of these have been addressed via Parks maintenance and/or contractors; **143/14%** remain and are either actively in progress or on the deferred maintenance list to be addressed ASAP
- Special playground safety analysis completed for Parks Director and Deputy Director of Operations – justification for the removal of various playgrounds old/aging with a variety of safety issues – for acting City Manager and corresponding Ward Director approval

Safety Education and Training (SE&T)

- June's Safety Education and Training (SE&T) push that employs either/or both electronic/face to face (F2F) modes garnered **81%** response rate
 - Continued re-enforcement effort with facility leadership to ensure 100% monthly compliance

Automatic External Defibrillator (AED)

- June's monthly facility AED inspections per CINTAS contract agreement in combination with facility personnel checks yielded **68%** inspection rate.
 - Working with CINTAS to ensure 100% monthly checks per agreement - - fell short for June
 - Continued re-enforcement effort with facility leadership to ensure 100% compliance with AED monthly operational checks

Divisional Facility Safety Inspections

- May's Parks facility inspections by designated facility staff yielded **55%** inspection rate.
 - Continued re-enforcement effort with facility leadership to ensure 100% compliance with proactive safety inspections
