First Tee: As we move into the fall season, we still are seeing a great flow of customers coming out to visit our facility. Whether they are playing a round or just hitting balls on the range, the nice weather keeps them coming. We are looking forward to continuing to run some adds through Alice 107.7 and B 98.5 in the next few weeks advertising about the golf course itself and also advertising about us hosting your child's birthday party here at First Tee which is a new revenue stream for us in 2023.

The golf course its self is in excellent shape. We have been continuing to spread grass in bare areas of the course to help fill in areas where grass has not grown in many years thanks to the fray grass donated from UALR's baseball field. This has been a huge cost savings by utilizing the grass donated along with improving the quality of the golf course itself.

In conclusion, we are continuing to monitor our spending as we get close to the end of the year, and a prepping for 2024.
