## First Tee: Fall is in the air,

As we slowly start to wind down the golf season, we are already in the progress of getting ready for 2024. So far this month we have done a lot to maintain a great golf facility open to the public. From re-sodding some of the bare areas of the golf course which includes tee boxes, bare patches in the fairways, and even behind the clubhouse. We completed clearing out a lot of the brush area up by the # 1 tee box and # 8 tee box.

Along with doing the minor upgrades to the golf course, we also started to advertise on the radio about our birthday party rental package we offer along with our afternoon twilight we offer every day. We have seen an increase in play this year which comes also an increase in revenue.

We are looking forward to a great start to 2024 and cannot wait for spring golf.
